Applicant Initiated Interview Summary

The Applicants graciously thank the Examiner for his courtesy in granting an interview conducted between the Examiner and the Attorney for the Applicants on April 19, 2010. Joseph Weatherbee acted as the attorney for the Applicants.

During the interview the Parties discussed the pending objections to the Claims and Applicants' proposed amendments. The parties agreed that the Claims would be allowable with minor additional amendment. Applicants make said additional amendments herein. The Parties also discussed the problems with the Specification. The Applicants thank the Examiner for suggesting amendments for addressing the problems with the Specification. Applicants adopt the Examiner's suggestions herein.

Objections to the Claims

Within the Office Action 2, 6, 7-9, and 12-13 were objected to. As explained above, the Examiner and the Applicants have agreed that the above amendments overcome these objections.

Conclusion

In view of the foregoing, the application is considered to be in allowable condition. Applicant respectfully requests that the Examiner withdraw his objections and rejections and allow the application to issue as a U.S. Letters Patent.
